Super Gas engine oil 15W-40

Description

TERZO Super Gas engine oil 15W-40 a medium ash gas engine oil, specifically designed for use in modern high- performance gas engines. High quality base oils and advanced additive technology provide extended oil change intervals, a high wear protection, high neutralization capacity and a high thermal stability. suitable for use with sewage gas, biogas and landfill gas and can also be used in engines with modern exhaust aftertreatment systems. Due to the latest additive technology, contributes to engine cleanliness, extended drain intervals, lower oil consumption and therefore a higher efficiency because of the reduced oil changes and less downtime is reached. The excellent detergent and dispersant properties reduce sludge, deposits in the combustion chamber and the exhaust system are avoided. Is specially designed for modern gas engines with the use of aggressive gases

Application

such as sewage gases, biogases and landfill gases. The ash content corresponds to the requirements of the latest engine technology. Through a trial run in Cummins biogas engines best results were confirmed in terms of change intervals.
